

Northwind IT Onboarding Guide (Fictional)

Overview

This fictional guide walks new employees through setting up their laptop, accounts, and core software tools during their first week at Northwind Retail Group.

Day 1: Account Setup

IT will provision your accounts before your start date. On Day 1, complete the following:

- Activate your Northwind email account (firstname.lastname@northwind-example.com)
- Set up multi-factor authentication (MFA) using the Okta Verify app
- Log in to your company laptop with the temporary password provided
- Change your password on first login (minimum 12 characters)
- Connect to the corporate Wi-Fi network 'Northwind-Secure'

Core Software

All employees are provisioned with the following software during their first week.

- Slack (company communication)
- Google Workspace (email, docs, calendar)
- Zoom (video meetings)
- Jira and Confluence (for engineering and product teams)
- 1Password (credential management)

Hardware & Equipment

Standard equipment includes a laptop, monitor, keyboard, mouse, and headset. Equipment requests beyond the standard kit require manager approval.

Help Desk

The IT Help Desk is available Monday to Friday, 8:00 AM to 6:00 PM, via the #it-helpdesk Slack channel or the internal ticketing portal. Emergency after-hours support is available for production outages only.

Security Reminders

Never share your password or MFA codes with anyone, including IT staff. Report lost or stolen devices immediately to security@northwind-example.com.
